# MUSIC

## ENJOY YOUR PLAYLIST ON OUR ROOF SPEAKERS.

---

We have a set of 8 roof speakers covering the three zones, we suggest bringing a premade Spotify playlist, which when you arrive to set up, we will transfer on to our system and play through our speakers.

We can play it loud enough to dance but not so loud that we can't hear you ordering drinks at the bar.

Unfortunately, we do not allow DJ's or musicians to play at our venue out of respect for our neighbours.

# LAYOUT

---

We are happy to move tables around to create the perfect space. We have a few set ups that we believe work best for our space. This is something that we can discuss with you prior to your event with us.

# DECORATION

---

You are more than welcome to decorate the space as you wish, as long as it doesn't damage our property. Any decorations you bring must be taken home with you at the end of your event.

We have had many companies arriving to set up balloon arches, light up numbers, glitter bars, even poker nights! The possibilities are endless.

The one thing we ask is no confetti or confetti cannons.
