# LAYOUT

We are happy to move tables around to create the perfect space. We have a few set ups that we believe work best for our space which you can see in the pictures. This is something that we can discuss with you prior to your event with us.

# DECORATION

You are more than welcome to decorate the space as you wish, as long as it doesn't damage our property. Any decorations you bring must be taken home with you at the end of your event.

We have had many companies arriving to set up balloon arches, light up numbers, glitter bars, even poker nights! The possibilities are endless.

The one thing we ask is no confetti or, confetti filled balloons or confetti cannons.
